“I Wander Forever, Seeking Rest”

“I have been a warrior of mighty strength and skill. I have been steeped in the darkest mysticisms and versed in the ways of dealing death.

“I was once powerful and proud . . . so proud that I boasted I had no equal, not even Death. When Death challenged me to a duel, I arrogantly accepted. I had no fear of losing my soul. Only the reward, eternal life, blazed before my inner vision like the brightest jewel . . .

“I fought Death . . . and I won. Now I suffer my doom, for Death kept his promise with a hideous twist. As my reward, I must wander in agony, haunted by the pain of Death’s victims, until all the beasts of darkness have been destroyed.

“I journey through subterranean mazes of horror, battling the fiends of a supernatural world. I wade through poisoned seas, slashing all that lurks in the depths. I travel through the web of evil, thrusting my sword again and again in endless combat . . .

“I have lived through twenty torturous lifetimes. All that creeps, walks or flies behind the portals of the world must feel the bite of my sword. All that howls or buzzes, breathes, whistles or moans in the gloom of night, all that is undead, must fall by my hand. Only then will I be released from this dark misery . . . and find rest.”

Navigating to the Portals

Chakan must wander through the six portals of darkness, seeking out and destroying all supernatural evils. His journey begins at the Navigation level. Move him around the ledges, searching for the Mystic Portals. Explore all paths to find scattered potions that are essential to your survival. When you reach a portal, stand in front of it and press the **D-Pad** up to travel into its levels.

Endless Battle!

The fierce fiends of death rage on with ceaseless fury. Use all your moves — spins, jumps and rolls — to withstand and destroy the beasts. Never let down your guard, for you'll be easily overcome if you suffer too much damage.

Watch the Skull in the top left corner. It fades away as you're injured. When the Skull disappears, Chakan has been defeated, and he is carried off in the Ship of Death. Press **Start** or **Button 1** or **2** to leave the ship and return to the Navigation level. Now you can re-enter the same portal, or attempt the horrors of a different one.

Potions

But Death does not always win, as Chakan has proven once before. Potions of Earth, Fire, Water and Air can be found throughout the worlds. These potions are the ingredients of potent alchemies that confuse and destroy enemies. They also give Chakan extraordinary powers and deadly weapons.

Note: To use the alchemies, see pages 10-11.

Weapons

Chakan starts out with his Twin Swords. Three other weapons of supreme force lie waiting in the portals of darkness.

The **Twin Swords** furiously slice into foes with razor edges and lightning speed.

The **Fire Swords** work best against cold-world enemies, but have little effect on fire-based creatures.

The **Ice Swords** are most effective against fire-world enemies.

The **Lightning Swords** throw out scorching balls of electricity.

Note: To switch weapons, see page 10.

Alchemies

By collecting the right potions, you can summon powerful alchemies. Press **Start** to go to the Alchemy screen. Here you'll see the potions you've gathered, the alchemies available, your store of weapons, your current score and the high score for the game.

To Use an Alchemy:

1. Press the **D-Pad** to move the Mystic Hand to the alchemy you want (see page 11 for descriptions).
2. Press **Button 1** to return to battle, where the alchemy will be immediately activated. (Press **Start** to exit the screen without using an alchemy.)

To Switch Weapons:

1. Move the Mystic Hand to the weapon you want.
2. Press **Button 1** to return to battle, armed with your new weapon. (See page 9 for descriptions of your weapons.)

Summons Death to return you to the Navigation level. (Disappears from the Alchemy screen when you are at the Navigation level, and reappears after you enter a Mystic Portal.)

Kills or damages all enemies on screen.

A mysterious alchemy useful only to one who is well versed in the dark secrets.

Makes you invisible to all enemies. (Chakan flashes slowly during this effect.)

Imparts double-damage power to your current weapon.

Heals Chakan of all injuries and restores your Skull.

The Portals of Darkness

Portal I: Air

Climb to a festering outpost of dark disaster amid floating islands of doom. Skirmish with winged goblins, ax-wielding demons and the gigantic, rock-hurling Minotaur. Then face your final deadly battle with the Dragonfly King.

Portal II: Earth

Descend into a murky subterranean pit where the Spider Queen's offspring squirm and stab with poisoned stingers. Face venomous larvae and mutated horrors that make every step a nightmare.

Portal III: Water

Journey through dripping cold caverns where a giant clawed Mantis undulates in layers of skulls. Battle clawed lizards through precarious spike-fields, and fight against the drowning current of a flooding sewer.

Portal IV: Fire

Slice through a vanguard of vulture-imps. Battle homicidal zombies while dodging the red-hot dangers of fireball-spitting gargoyles! Then fight your way through death-tainted walls to the bastion of Elkenrod, Mistress of Spectres.

Portal V: Ice

Battle ravenous wolves on the freezing tundra, then plunge into an underground maze of frigid caves and icy slopes. Grapple with slippery fiends intent on shoving you into the frozen depths. Wade through an arctic river of carnivorous fish while fighting against the perilous ice falls.

Portal VI: Lava

Balance on fiery footholds in the bubbling rivers of blood-colored lava. Fend off flame-ghosts as you search for solid ground. Enter the caves of confusion (**D-Pad** up) to be instantly transported to other zones in this scorching world.

Surviving the Deadly Realms

- Search the Navigation level for potions before starting your journey.
- Explore all the portals of darkness to learn their dangers and to find potions and weapons.
- Get all the potions you can. Try not to leave an area until you're sure you've searched it thoroughly.
- Think carefully before using alchemies, since you only have a limited number of potions available.
- Use your alchemy for summoning Death to escape impossible situations.
- Once you rid a world of its main boss, its evil energies and all its enemies will disappear. Now you can re-enter the world and search it safely to find hidden rooms and potions you missed before.
